From the Principal

School overview

Stonehenge is situated in Central Queensland 161km South-West of Longreach in the Barcoo Shire, one of Queensland's largest shires. Though drought impacts on the town's population, Stonehenge maintains a population of approximately 30 people. Macropod harvesting is a common occupation for town-based residents while the surrounding pastoural properties graze sheep and cattle. The Barcoo Shire Council is also a source of employment for residents of Stonehenge.

Stonehenge (Provisional) School was officially opened on the 3rd September, 1900 with an enrolment of twenty four (24) students. The school closed during World War 1 (1943-1945) and again for the period 1977-1980 due to lack of students. During the war, although the school was officially closed, Edie McGrath taught the children by correspondence at the school to keep their education continuing. The first (1st) principal was Mr William James Doherty.

The original school building was replaced in 1976 when the number of students enrolled outgrew the school. In recent years the original school together with the former police station have been relocated to the grounds of Stonehenge Community Centre. Both historic buildings are available for public viewing.

Currently, the school provides education to four students with a strong focus on the core values Be Respectful, Be Responsible and Be Safe. Teachers and Teacher Aides implement various technologies meaningfully to assist the teaching and learning process and ensure that distance is not a barrier to 21st century learning.

Stonehenge State School operates within a cluster called the Outback Advantage who, through commitment to the Education Queensland mantra, Every Student Succeeding, work collaboratively to innovate curriculum delivery within multi-age classes. Schools in the Outback Advantage cluster include:

- Stonehenge State School
- Jundah State School
- Windorah State School
- Birdsville State School
- Bedourie State School
- Muttuburra State School
- Jericho State School
- Ilfracombe State School
- Isisford State School

Principals and teachers at each of these schools partake in frequent teleconferences, instructional rounds, curriculum planning meetings and principal business meetings to share and improve practice.

School progress towards its goals in 2019

2019 Improvement Priorities	Progress
Leading the effective implementation of the Australian Curriculum in a multi-age context 100% of students achieve a C or higher in English, Mathematics, Science and HASS and achieve in the Middle to Upper 2 bands in NAPLAN. 100% of Outback Advantage cluster schools implement Small School's Curriculum Framework for English, Maths, Science and HASS.	Ongoing
STEM Integration Integrate STEM into everyday learning experiences using suitable devices and strategies. All staff feel confident in integrating STEM and feel that their efforts are resulting in improved student outcomes	Achieved
Reveal the Reasoning in Mathematics Students achieve above the national average in NAPLAN. Student achievement in NIPS post test shows improvement compared to pre-testing. Students achieve a C or higher in Mathematics (Number) summative assessment.	Ongoing
CARS & STARS Proficiency All students move from 'struggling' to 'in progress' or beyond for each of the 12 reading strategies.	Ongoing

Future Outlook

2020 Improvement Priorities
Leading the effective implementation of the Australian Curriculum in a multi-age context
Teachers will participate in Outback Advantage Cluster Moderation
Implement and review the P-6 Curriculum Planning Model for English, Maths, Science and HASS using Version 8 of the AC.
All Outback Advantage schools contribute equally to the employment of a suitably qualified teacher or HOC to develop and maintain an Outback Advantage teamsite using One Portal that includes but is not limited to the Small School's Curriculum Framework
Stem Integration
Up skill staff in the integration of STEM in every day learning experiences.
STEM is integrated into unit and lesson plans across all subject areas
Mathematics
Implement Reveal the Reasoning activities as warm-ups during Number and Algebra Mathematics Lessons
Utilise the CoWSS Schools Diagnostic resource for Warm Ups booklet to guide delivery of Reveal the Reasoning activities.
Staff collaboratively analyse results from NAPLAN, NIPS and Summative Assessments and use the data to inform future Reveal the Reasoning activities.
Utilise the Essential Assessment program to conduct pre-tests and post-tests in each sub-strand of the Number and Algebra strand of Mathematics.
Utilise the Essential Assessment program to implement digital Numeracy activities using the My Numeracy functionality.
Reading
Allocate adequate time for students to complete online CARS & STARS activities and to participate in focus lessons relating to single strategies.
Integrate the CARS & STARS reading strategies in subject areas of the Australian Curriculum.
Utilise the 'Library' and 'My Lesson' components of Reading Eggs as diagnostic assessment tools of student achievement in reading.
Use PM and Probe to diagnostically assess student achievement and to priorities areas of improvement.
Timetable Modelled Reading, Guided Reading and Independent Reading strategies daily.

Note:

The class size targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at https://education.qld.gov.au/curriculum/stages-of-schooling/p-12.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here https://www.qld.gov.au/education/schools/information/programs.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at https://www.qld.gov.au/education/schools/health.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at https://education.qld.gov.au/parents-and-carers/community-engagement

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	0	0	0
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	12,388	11,563	11,366
Water (kL)	200	842	400

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
